Foreword

Through this open door walk the citizens of tomorrow. The pride felt by the SENIOR in walking through this door does not develop overnight. It grows from long years of learning and experience. Come in and observe the perseverance and diligent work of the SENIORS of today and tomorrow. Look for the achievements that we the SENIORS of today have accomplished and those that our underclassmen will strive to create. We wish we could unlock the door to all the sentimental and memorable events that have taken place during our high school life but, we can only try, through this open door, to let you see what our school life has meant to us. Standing on the threshold of the world of tomorrow with the confident hopefulness of inspired and challenged youth, we, the Class of 1952, shall try to play our full part in the drama of the future.

"Present day problems cast such heavy shadows upon the world of tomorrow that it is easy for us to look upon the future with a feeling of insecurity. But this we know: Every individual can, in a large measure, determine his own future . . . not only in the way he has prepared himself, but even more by the efforts he puts forth in making his community the type of enterprise which will allow people to live peaceably in cooperative activity."

—JAMES F. SHANKWEILER

Supervising Principal: James F. Shankweiler.

An Acknowledgement:

The Class of 1952 has now reached the threshold of another life. As we look back over the past twelve years of school life, we now see the many fine opportunities which were made possible through the school—opportunities for a good education, wholesome sports, and a fine social life. In appreciation we would like to give one hundred and fifty dollars from our treasury which can be only a mere token of our deepest gratitude.

Sports Scope

As the newest sport added to Womelsdorf's athletic scene, soccer made a favorable appearance in the fall season of the Berks County Soccer League. The team and the coaches, playing with a few practices and inexperience, deserve a "well done" on their season. Our record was two ties, six losses; unfortunately the team didn't win any games.

Our coaches were Elwood Himmelberger and William Heffner. The members of the soccer team were: David Monroe, Joseph Parana, David Rathl, Gerald Smith, Thomas Steward, George Ney, Donald Smith, William Battering, Eugene Madenford, Harry Schaum, Clair Miller, Robert Monroe, and Gerald Schwartz. Good luck to the Womelsdorf Soccer Team of 1952. If you work hard, every game can be won.

The spring is the season that children like most because the snow leaves us; the flowers and the outdoor sports return. The smaller children jump rope and play ball in their playground while the older ones play softball and baseball on the ball field. The surface of the playground has been coated with asphalt for the children's pleasure. We have a new baseball diamond with bleachers, dugouts, and a backstop. This will be the second year that the field is used. Our baseball prospects for this year are excellent.

Coach Gibson's 1951-52 basketeers didn't have too much luck this year, but they put up a terrific struggle for victory, despite their lack of height. A few of the most thrilling games were with Myerstown, Richland, and Oley, which were lost by only one point. Our Junior Varsity has a group of prospects that will try to fill the Varsity's shoes next year. Good luck to the coach and players in 1952-53.

He can work as hard as he likes only for work but for play he enjoys the work but not the service who has a wider than him he will be a happy skater and interests in games hand. Let him be a skater and a contemplation, com-
